Dear Mark,

Happy New Year! Here's wishing you and your family a great and safe year ahead!

We have read in recent news that the Dutch National Police have decided to decommission the eagles from its counter-UAV duties.

May we know what were the difficulties and challenges faced which resulted in such a decision?

This will greatly help us to refine and relook into the 10.2.g, especially in the area of using specialised animals to perform such a role.

I look forward to hearing from you soon. Thanks!

10.2.g
